

Slimline Fullsize Aluminum Crossovers For DODGE Trucks

Measuring Guide

Crossovers are supported across the width of the truck bed by the tops of the bed side rails or walls. Storage space is available on the floor under a Crossover.

Crossovers are available with a Single Lid or Dual Lids. Depending on the product selected, the Dual Lid may be a Mid-Lid, Gull Wing or Rear-Hinged design. All models offer different advantages.

The charts below are a guide to the models you have selected that will fit your truck. To verify a specific model will fit, please compare the dimensions below to those for your truck.
